

## Our Heavenly Hierarchy/Family

**Alpha and Omega:** Our Father/Mother God in the Great Central Sun in the Center of Cosmos

**Helios and Vesta:** Cosmic beings ensouling the sun of our system

**Heavenly Beings on the Seven Rays (Rays are carriers of the virtues, qualities of God.)**

The seven rays emanate from the Great Central Sun as well as our individual Solar Presence (I AM Presence, God Presence) through which the Great Central Sun focuses its light. These rays compose the spheres that surround our Solar Presence. See [Buddha Nature Chart](#). They are concentric spheres, also called the *causal body*, that correlate with our seven chakras and the chakras of the Earth, filling us with their virtues toward our mastery of each ray.

### **Heavenly Beings on the Five Crystal Rays**

The Five Crystal Rays reside in dimensions beyond the Seven Rays. Some teachings place the crystal rays, in vibration, between the white and yellow causal body spheres. In fact, the crystal rays have a mysterious and multi-dimensional quality that may defy placement in a chart or diagram. They scintillate, sparkle and vibrate. The activation of the crystal rays causes a greater sensitivity in the consciousness of the student as the rays, as the presence of the Holy Spirit, clear and spiritualize our auras and widen the crystal-cord connection between our Christ/Buddha Self and our souls. Although there is a primary focus of color for each crystal ray, it is best not to focus so much on the color as to allow the rays to work through us as they desire. In a darshan by Lord Maitreya from December 16, 2007, he tells us to "...move in their stream, which is the nature of the cosmos itself." These rays become available to students whose purity, internal balance and love for God have been tested over time.
